COVERED ELECTRONIC WASTE (CEW) STAKEHOLDER WORKSHOP

RECOVERY AND RECYCLING PAYMENT RATE CONSIDERATIONS

Wednesday, May 11, 2016

10:00 a.m. – 12:30 p.m.

Coastal Hearing Room Cal/EPA Headquarters Building

1001 I Street, Sacramento

The focus of this workshop will be the considerations associated with potential adjustments to the covered electronic waste (CEW) recovery and recycling payment rates. Drawing in large part from the annual Net Cost Report requirement, wherein all approved CEW collectors and recyclers must calculate and report revenues and costs associated with the management of CEW during a reporting year, CalRecycle has the authority and obligation biennially to review and consider the adequacy of the standard recovery and recycling payment rates to fulfill statutory requirements and the intents of the Electronic Waste Recycling Act.

The format for the workshop will feature CalRecycle staff providing an overview of the workshop topics, to be followed by staff facilitated open discussion. The workshop will allow stakeholders to comment, question, and discuss the rationale and findings relative to the continued evolution of the CEW recycling payment system.

CalRecycle has scheduled the meeting room until 12:30 p.m., however it is anticipated that the workshop will not last that entire time.
